

JOHN DEERE GATOR DRIVING RANGE BALL CAGE

This Golf Ball protection cage easily mounts to the John Deere Gator Occupant Protection System (OPS) without any modification to the Gator. All Steel Construction with 1" x 1" square steel tube, 1" x 1" 10 gauge square steel mesh, 18 gauge roof and powder coated finish.

Features:

- Large entry doors provide for easy access to the operator's station.
- Hinged valance and flip down grill guard allow for under-hood access without tools.
- Unobstructed visibility from the operator's station (acrylic windshield optional).

*3000 Series can not be mounted with the factory front loader.

JOHN DEERE GATOR LARGE FRAME 2 & 3 SERIES TRACTOR BALL CAGE

This Golf Ball protection cage easily mounts to the John Deere 3E and R series as well as MY2017 and newer large frame 2R tractors without any modification to the tractor.

Features:

- 18 gauge steel roof & Unobstructed operator's station.
- Protection behind the operator, retaining 3 point function.
- Slim line latches with keyed lock and deadbolt, and welded steel hinges secure the doors.
- **Now available:** Optional engine cage provides headlight and body panel protection, with easy access to the fuel cap, and tilt for service.
